To Whom It May Be of Concern:

The Newton Lake Ticket Booth Frame remnant that I examined at the Catlin House in November 2010 is authentic.

As a young person, I attended broadcasts at the Newton lake drive-in theatre many times, and I recall, with great clarity, the ticket booth at the entrance of the grounds.

This is an important artifact from the area's entertainment history and merits being preserved in the collections of the Lackawanna historical society.

Sincerely,

S. Robert Powell, Ph.D.
Executive Director
